

**Important revision to the Citibank PremierMiles Program**  
**(effective from 12 September 2024)**

Effective from **12 September 2024**, issuance of Citi Miles will be revised to **2.2 Citi Miles** for every S\$1 spend on overseas retail purchases posted to a cardmember's card account. Issuance of 1.2 Citi Miles for every S\$1 spend on local retail purchases remains unchanged.

<b>Retail Purchases</b>	<b>Posting Date<sup>^</sup> from now until 11 September 2024</b>	<b>Posting Date<sup>^</sup> from 12 September 2024</b>
<b>Local</b>	1.2 Citi Miles for every S\$1	1.2 Citi Miles for every S\$1
<b>Overseas</b>	2 Citi Miles for every S\$1	2.2 Citi Miles for every S\$1 <b>(NEW)</b>

*<sup>^</sup>Posting date refers to the date the transaction is received by the card issuer. Merchants may make a settlement a few days after the transaction has been made so posting date may be a few days later than transaction date (i.e. date when a purchase is made). As such, the bank has no control over when the merchant records the transaction. Citi Miles computation is based on the posting date of the transactions.*
